

INDUSTRIAL LINE

Industrial series

When you work in a warehouse or a factory, you require solutions tailored to your needs. This is where the DRAINVAC system comes in. It vacuum solids and liquids and it has more power enabling you to face the heavy workload specific to your business.

- Drains automatically into your sanitary piping
- Ideal for weekly maintenance of all type of industries, such as:
 - agriculture
 - food sector
 - automotive
 - military
 - supermarkets
 - etc.
- A durable and unequaled quality for continuous use.
